COUNCIL APPROVES ZONING ORDINANCE

Included in the many items on the agenda Monday evening, the city council gave first reading to the master zoning ordinance as submitted by the planning commission. Second reading and adopting of the 51 page ordinance is expected next Monday night. By accepting the ordinance as submitted, the council on October 26 denied without prejudice, two applications for business zoning in the city. Indications today are that the shopping center on Winchester and Latimer and on San Jose-Los Gatos Road at Hamilton will receive favorable action if resubmitted under the new ordinance.

Thomas J. Casey, 31, former Menlo Park police officers, was sworn in as a member of the Campbell Police Department Monday morning.

Casey succeeds Alfred M. Cook, the department's most recently hired officer, who resigned last Friday because of illness in his family. Casey was hired by the City Council as top man on the eligibility list of applicants.

No further action will be taken on the application for a new taxi company in the city, it was decided Monday, until submitted in the proper form. City Attorney Joseph Bonacina was directed to inform R. McGowan, and George Schumaker, that their application, contrary to the provisions in the taxi cab ordinance, contained no zone and price schedule and that it lacked a financial statement.

CHRISTMAS DECORATIONS

The city will assume responsibility for installing Christmas decorations and for directing manpower supplied by various civic organizations, it was voted Monday night. The Campbell Chamber of Commerce seeking action to install decorations on Campbell avenue from the San Jose-Los Gatos Highway to Winchester road had requested: (1) \$300 from the city to help defray the cost (2) City clearance with public utilities (3) City to carry insurance (4) Use of city help and equipment to erect Christmas cables.

Mayor Morton suggested and it was agreed by other council members and merchant representatives Verle Grizzle, Chamber of Commerce president, Cel Gerevas and William B. Enoch, local businessmen, that the City take over the whole operation and direct help furnished from civic organizations. The Chamber still gets its requested \$300.

A CHIEF OF POLICE

Deferred for one week of study, recommendations and possible changes by the council and the city attorney, was a letter from senior officer Robert J. Locke, requesting the senior officer of the local force be designated as Chief of Police with the rank of Captain. In his letter Locke set up job qualifications for a Chief of Police.

TO AMEND TRAFFIC ORDINANCE

City attorney was directed to prepare changes in the city traffic ordinance to comply with the recommendation of Officer Locke that parking be prohibited on the east side of Lowell Way, and to make the west side a loading and unloading zone only.

NEW STREET SIGNS

"Not a Through Street" signs will be placed at entrances to McBain Avenue, Ridgeley Drive and Fewtrell Avenue, following a request from Mr. and Mrs. Val Vaughn of McBain Avenue that an unnecessary traffic hazard was created on McBain Avenue from vehicles returning from the dead end street. City traffic engineer suggested and it was approved that all such streets in the city be equipped with the signs.

SEWER PERMITS

Sewer connection permits will be mandatory with the granting of building inspection permits according to action Monday by the council, in reply to a request from Sanitation District No. 4 regarding procedure. The council is to confer with Stephen Goodwin, manager of the Sanitary District regarding a contract with the district which expands beyond the city limits, the contract to be like either the one now functioning with Saratoga in which the district takes over all of the fees, or like the contract with Los Gatos in which the district takes over but a portion of the fees.

Referred to the traffic engineer for study, report, and conference with school officials was a letter from Campbell Union School District which requested school zone and traffic speed signs in the vicinity of the school zone.

Parking Limited On Campbell Ave.

There will be plenty of parking spaces on Campbell avenue today—but you can't use them. L. R. Black, of Campbell Public Works has the north side of Campbell avenue blocked off to permit repainting of white parking markers. Yesterday the south side of Campbell main street from the Railroad tracks to Winchester avenue was freshened up with bright new paint marking the parking spaces. Black estimated that by Monday, parking spaces on the whole of Campbell avenue from the Railroad tracks to Winchester avenue would be resurfaced and ready for use.

Federal Agent Addresses Local Country Women

Members of the Country Woman's Club heard an interesting and informative address at their November 2nd meeting when Special Agent C. Darwin Marron spoke on the functions and operations of the F. B. I.

Mrs. Walter Elkey, President, presided over the short business meeting held at the Country Woman's Club House at which time Mrs. Tina E. Taylor was voted in as a new member.

The committee assisting Mrs. Richard Morton, chairman, were Mesdames J. W. Forward, R. C. Locke, Robert Root, J. B. Arends Jr., and Florence Cottle.

Mrs. Kilgallin announced the next meeting to be held on November 16th at 2 p. m. will be a panel discussion.

Mrs. W. R. Morgan will be moderator with Mrs. Richard Morton, Mr. E. F. Tablak, Mr. L. P. Newberry and Mr. Earl Parrish sitting in on the panel.

HAL STRAUSS TO BE SPEAKER AT ROTARY MEETING

Assemblyman Bruce F. Allen spoke on "Developments of the last assembly session," in a Rotary program arranged by chairman Dobie Jeffers at the regular meeting Monday noon.

Allen pointed out that in the last assembly session 3500 bills were processed in 120 days, of which 1200 were cleared and passed.

In the business portion of the meeting, Rotary president Emerson "Doc" Arends called attention to the Board of Directors meeting Monday November 9th.

Plans are being made for joint meeting of the Campbell Club with several other Rotary Clubs in the area. The local organization is also planning joint meeting with other service clubs in Campbell.

At next week's meeting Hal Strauss, public relations official for Rotary International in 1937-1941, who had charge of promotion and arrangement for the Cleveland, Havana and Denver Rotary conventions will be the guest speaker, in a program arranged by local Rotary chairman Joaquin J. Payne.

Strauss is present public relations representative of American Trust Company and editor of the bank bulletin. He is a member of national Council of Industrial Editors Association. He served in the Coast Guard during World War II as a gunnery officers during which he spent 17 months in the South Pacific and seven months in the European Theater of Operations.

WITH APOLOGIES

In error, the name of Mrs. Glen Cook, of 45 Casey Road, was left off the list of children of Mr. and Mrs. Fred Johnson, of 45 Casey Road, who recently celebrated their golden wedding anniversary.

ALL SMILES . . . and for good reason. Mrs. Clara Dorsett, of 26 Central avenue, Mrs. Kay Jones of 41 B. North First Street, and Mrs. Andra Rigsbee, of 20 West Rincon avenue (left to right) break out in broad grins when informed they were this month's winners of valuable electric appliances in the Campbell stamp day drawing. Bill Means is one of the participating Stamp Day merchants.

STATE SENATOR, COUNTY HISTORIAN TO SPEAK AT MORELAND DEDICATION AS OLDEST RURAL SCHOOL IN STATE

State Senator Jack Thompson, and Santa Clara County Historian Clyde Arbuckle will be featured speakers at the dedication of an Historical Marker recently erected at Moreland School. Dedication ceremonies are planned for 2 p. m. November 6 at the school site corner of Payne avenue and the Santa Clara-Saratoga Highway.

Senator Thompson, who represents the Moreland district in the Legislature will give the address of dedication. Arbuckle, an authority on the history of Santa Clara County, will speak on the history of the school.

Moreland School, the oldest known rural school district in California has been made Historical Landmark No. 489 by the State Parks Commission.

A committee of interested citizens of the district has been at work for some time making necessary arrangements. The committee consists of Edward W. Bucknall, Fred H. Smith, Ernest A. Angelo, Mrs. Arthur E. Rai, Mrs. Elvira E. Lindgren, Mrs. Gussie M. Baker, and Mrs. George C. Payne, chairman.

Music for the dedication services will be furnished by the school orchestra and chorus.

The public is cordially invited to attend, according to dedication officials, and a special invitation is extended to all former graduates of the school to be present.

NEW SUBSCRIPTIONS COUNT MOST THIS WEEK IN CIRCULATION CONTEST

Enthusiasm grows daily for the opportunity offered in The Press Circulation Club, whereby an all expense tour will be awarded the club member who comes out at the top at the close of the campaign.

Club members say it is the easiest thing to get subscriptions to The Press, which brings them votes which are the basis for winning the awards. Renewal subscriptions count as well as new, but new subscriptions give more votes.

Subscribers also win in this campaign, as all who take a subscription from a club member are entitled to a portrait of any one in the family, without extra charge, at the Bona Ventura Portrait Studio, 219 E. Campbell Avenue.

There are five other awards and a cash commission to all non-winners. Second award is \$200 cash, third, \$150 cash, fourth, \$75, fifth \$50 and sixth \$25, all cash.

There is a new leader this week, but with very little difference in votes between first and second place. The leader is Mrs. Louis Brandon. Miss Hancie Naylor, the previous leader is a very close second and Mrs. Wanda Ray is a close third. Mrs. Romaine Baker is close to the lead, as is Miss Pat Taylor.

A number of others who have just started work have made good gains, among them are Mrs. Richard Bebeau, Mrs. Carl Olson, Gerald Gardner, Mrs. J. Biller and Tom Mitchell.

The standings are given below to Monday, Nov. 2nd.

Bond Elections In December Seek Close To \$3,000,000 For Schools

Sign Erected For Cambrian School On 90th Birthday

The Cambrian elementary school district, founded November 3, 1863, observed its 90th anniversary Tuesday. Delos Bagby is school superintendent. A handsome redwood sign, standing over the school's old bell, was erected Monday. The bell has been gilded and is attractive to the eye.

The district has had four school buildings. The stucco building erected in section in 1910 and 1916 was put in service again last Fall for needed classrooms after being moved to the rear of the grounds for a youth and community center.

Dedication Program Scheduled For New Hamilton School

Dedication ceremonies for the new Hamilton Elementary school, at 336 East Hamilton avenue, next Tuesday at 7:30 p. m., will follow the theme of national education week, the slogan of which is "Good Schools are Your Responsibility." The new school, used for the first time in September, today has 560 students using its seventeen classrooms, according to Wayne Fontes, principal.

The dedication program will be divided into three parts, Wayne Fontes, principal, said yesterday.

There will be a formal meeting and assembly in the school cafeteria at 7:30 p. m. for simple dedicatory exercises consisting of a salute to the flag, the singing of the National Anthem, and brief explanations on the theme of the program.

After the introduction of the faculty, the students will present a singing and folk dancing program.

District school officials will then be introduced. These include specialists such as music instructors, physical education teachers, art and speech teachers available for special assignment to the new school.

Trustee L.E. Means, clerk of the board is to outline cost of construction and tell of facilities provided. William C. Henley, district superintendent is to give the address of welcome.

Concluding the dedication ceremonies, Mrs. Wade Whitton, president of the Daughters of the Gold with a California Bear Flag.

en West, will present the school. The assembly will then be conducted on a tour of the building after which all will assemble in the cafeteria for refreshments.

Contestants To Receive Bonus

This week members of The Campbell Press Circulation Club will receive Bonus Votes on each five subscriptions turned in by them, between Tuesday morning, November 3rd and Monday, November 9, at 5 P. M.

One group of five subscriptions will count 50,000 bonus votes, two groups of five, will count 125,000 bonus votes, three groups will count 225,000 bonus votes, four groups of five subscriptions will count 350,000 bonus votes and five groups will bring club members 500,000 bonus votes. Larger numbers will count in proportion to the above.

These extra bonus votes are in addition to the extra votes secured upon the amounts of subscription money awarded weekly. These are the largest bonus ballots that will be given during the campaign.

ADULT LEAGUE UNDER WAY

Campbell Union High School Adult basketball league gets underway today with practice at the High School gym starting at 7 p. m. according to George Miskulin, High School Physical Education director. Regular league games start December 4.

Two new schools are planned for the Cambrian Elementary School district. They are to be built within the next two years, if the \$200,000 district bond election called for December 15 is successful, Delos M. Bagby, superintendent said today. A successful \$2,500,000 Campbell Union High School district bond election on December 1, to build a Cambrian High School will make available close to three million dollars for Cambrian school building.

'DISCIPLINE' IS PANEL TOPIC AT MOORPARK

A three-way panel discussion is to be a feature of the Moorpark PTA meeting next Tuesday evening in the school cafeteria, the topic of the evening being, "Discipline".

Two teachers, two parents and two students will be on the panel for what promises to be an interesting round of discussion.

John Duncan, school principal is to act as moderator.

Mrs. O. A. Benedetto and Oliver Pierce will represent the faculty on the forum, while Mrs. Clifford Traneth and Albert Barshaw will represent the parents. Names of the student speakers will not be announced until the evening of the program.

'Toys For Tots' Drive Conducted By Area Marines

A happier Christmas for less fortunate children in the peninsular area was guaranteed today by members of the First Air Delivery Company, Marine Corps Reserve unit.

Marine Reservists announced plans for their annual "Toys for Tots" drive in which toys will be collected for distribution to children who might otherwise be disappointed Christmas morning. The drive got under way yesterday.

Barrels or other containers have been provided to receive the gift donations and "Toys for Tots" posters will identify the locations. In Campbell, the local fire station, 41 North Central Avenue has been designated as the local receiving station.

"Toys may be donated wrapped or unwrapped," Captain Joseph A. Reginato, Commanding Officer of the Reserve unit, said, "It would be appreciated if donors would note on the outside of wrapped gifts, the ages at which the toys would be most enjoyed, and whether they are for boys or girls," he added.

Persons wishing to give an abundance of toys, or toys too large to conveniently carry, may have their toys picked up by calling Yorkshire 7-6961, Extension 459. Marine Reservists will call for the toys at a time convenient to the donors.

Toys will be distributed to less fortunate children by Parent Teacher Associations, Churches and welfare agencies.

Mrs. A. Lassen To Head Xmas Seal Sale In Campbell

Mrs. Andrew Lassen has accepted chairmanship of the 1953 Christmas Seal Sale for the Campbell area, according to word received from Santa Clara County Tuberculosis Association headquarters in San Jose.

Announcing that the sale of Christmas Seals will be conducted by mail as usual, TB association president, Joe Garner, stated that 93,000 letters will be mailed to Santa Clara County residents on November 16.

Money raised through the Christmas Seal Sale is the only source of funds to pay for the association's year round county-wide program. Major activities are chest screening service offered by the Christmas Seal Chestmobile, research, special services to patients; book, pamphlet, poster, and sound film library for schools and colleges and special groups as well as for the general public.

A new Cambrian Elementary school of eight classrooms, multi-use room, kindergarten and administrative offices is planned for a previously purchased site on the corner of Foxworthy and Ross avenues. Construction will start as soon as money is voted. A second school of six classrooms, multi-use room, kindergarten, and administrative offices is planned for a site in the vicinity of New Jersey and Harris avenues.

The district's present school at Casey road and the San Jose-Los Gatos Highway has reached its maximum development.

Bagby said the present school has an enrollment of 965. Its intended capacity is 700. Officials estimate a projected enrollment of 1270 within the next year.

"This leaves the district lacking school facilities for 566 pupils," Bagby said.

Successful passage of the \$200,000 bond issue will keep the district at the limits of its bonded indebtedness in spite of increases in current assessed valuations and future trends.

Cambrian Elementary School District has been eligible for state funds, as one of the so-called "impoverished districts" where school populations are high and assessed valuations low. The district must keep itself bonded to the maximum to continue its eligibility.

\$121,000 of the bonds would be sold to bring the district to its bonded limit during 1953-54. The remainder would be available to be sold as the assessed valuation increases without delaying for subsequent bond elections and postponing needed expansion.

During 1953-54, the State can be asked for approximately \$600,000 if the bond election passes, Bagby stated.

The Cambrian election is the second bond issue to be called for December. Campbell Union High School district has called a \$2,500,000 bond election to build a new branch high school in the Cambrian district at Union and Camden avenues, and to purchase a site for a third high school.

Voters of the Cambrian Elementary School district where the \$200,000 bond election is to be held December 15, will also vote on the new High School election to be held December 1, since they are within the boundaries of the Campbell Union High School district.

Cambrian Elementary School District is bounded roughly on the north by Campbell avenue, on the west by the Los Gatos Creek, on the south towards Los Gatos at Bennett Way and on the east at Kirk road.

The eastern boundary is under discussion at this time with San Jose. Negotiations are underway for the district to trade certain areas with the San Jose school district for school purposes only.

Cambrian is now educating children from some of the South Willow Glen No. 10 area under an inter-school agreement. These children live closer to the Cambrian school than to Willow Glen or Lincoln Glen schools where they would otherwise attend, on double sessions.

Campbell Union High School district includes four elementary school districts which are: Moreland, Campbell Union, Cambrian, and Union Elementary school districts, within which are 15 schools.

It is the largest school district by population in Santa Clara County. Except for a small addition to the Burbank School in 1948, the district has remained unchanged since 1901. Its population today is 40,000.

Receipts Up 8%

Postal receipts to date in 1953 are 8 per cent higher in Campbell than they were for the same period of time in 1952, according to Ira Grim, postmaster. The receipts, January 1 to November 1, 1953, total \$48,888.71 as compared with \$45,058.72 in the same period of 1952, or an increase of \$3,829.99.

PLANNING THE CITY OF TOMORROW

The master zoning ordinance which was introduced at the city council meeting Monday evening sets a pattern for future planning in Campbell. It represents many hours of work, research and decision by men giving of their time without remuneration.

The planning commission conceived the ordinance which was then approved by the council and introduced for adoption on Monday. There will be changes made in the course of time. Probably one or both the applications for shopping centers which are soon to be re-submitted, will be approved.

One of the finest endeavors yet undertaken by the planning commission is that which seeks to define the downtown area by boundaries according to population, trading zone and purchasing power; the parking areas needed based on surveys at selected locations and capacity for hourly use, and a study of off street parking costs according to the physical layout of the business district, acquisition of property and development of it for that purpose. These are important matters, the decisions of which will wear with time. Both the planners and the council are engaged in this study.

They are to be commended for their honest and patient effort to decide a course toward a sound and prosperous city of tomorrow.

SCHOOLS FOR CAMBRIAN CHILDREN

Some important decisions will have to be made in the Cambrian Elementary School District within the next few weeks—decisions which are in keeping with a tremendous community growth and property development.

Last night at a meeting of the Improvement Association there was a discussion about privileges and responsibilities which they have as county residents as compared with those which might be realized in the event of incorporation. They also heard Robert Bartholdi, bus line manager, discuss transportation service for the area.

On December first, Cambrian voters will join the others in the Campbell Union High School district to decide whether the district should bond itself to the extent of two and a half million dollars for a branch high school on Union avenue. Two weeks later, those in the Cambrian district return to the polls to vote \$200,000 for a new elementary school at the corner of Foxworthy and Ross avenues. The present school, with a capacity for 704 has 965 already enrolled today and 1270 expected next year.

Back in 1940, the enrollment in the Cambrian School was 142. Five years later it was 212 and in 1950 it was 465. There is not much to do in a district having such growth but to plan its civic and educational future, costly as it may be. Long range bonding passes some of the costs for such improvements to future home owners, and usually that is the way it has to work out. The time for decision is now.

FRESH WATER IN THE LOWER BAY

Now that there is a new administration in California, John Reber feels that his plan to set up a land barrier across the southern portion of the San Francisco Bay will have smoother sailing, contending that Oakland influences have been lessened. That is what he told an audience recently in Los Altos.

An organization was set up there to continue efforts seeking the approval of the Board of Supervisors to grant the Stanford Research Institute a fee to compile a factual report on this engineering problem. The Reber plan envisions filling sizeable portions of the east bay sites by setting up new lands which would be potentially good industrial sites and at the same time provide a fresh water harbor.

There are, of course, differences of opinion on the effectiveness of such a plan and of its probable cost. There have been criticisms of the surveys already made toward this project—surveys which have been filed away in the archives.

The history of any project of major importance is just about the same. In this case, though, the bay counties and the state have been closest to the picture being called upon to bear most of the survey costs. If the plan is feasible and is carried out, Santa Clara County most certainly is to benefit more from it than would any other county.

There are those who once felt that the bay bridge and the Golden Gate bridge were impractical and could never pay off. They said the winds would blow them down and earthquakes shift their footings. There are some who felt that the Central Valley project was impractical and speculative. They argued that pumps would never lift the water from the low-altitude area at Sacramento to a higher level in the parched San Joaquin Valley. There were months and years of research with bulky reports stuffed in the archives. When the projects were finally approved and the work completed, we proudly pointed to them as the great engineering wonders of our time.

There is still hope for a continued study of the Reber plan. It might provide for us the fresh water which our lands and industries so desperately need. If this is not the logical plan, then it should be discarded and another one taken under consideration.

This is something which must be deliberately planned, be adequately financed and be economically sound; it must be true to engineering research. In these factors, the plan is not much different than were the bridges and the valley dam when in the final stages of consideration.

The Campbell Gambol

SPARE THE ROD and spoil the child may come in for part of the panel discussion at the Moorpark schoolhouse next Tuesday evening when a couple of the teachers, mom and pop and a couple of students take over with the topic 'discipline' . . . seems a long time since schools have used a rod and a lot of folks may ask what it is, and if ever it was used to whack shins and bottoms in the days of the little red school by the side of the road . . . it may be sort of a tug-of-war with those on the roster and we wouldn't be surprised if junior doesn't come up with some punishing details which would be as unheard of in the horse and buggy days, as the rod for disciplining would be today.

EUPHONIOUS as the title to this column may sound to the ear it has a bit of meaning too, for Webster defines the word gambol as the act of dancing or frisking about, and that is what we propose to do in a verbal stroll about town, hopping the headline and lamp posts searching for little human interest items which will be for family reading . . . the Campbell Gambol wants you to take our hand figuratively speaking in a weekly frolic and we promise to talk to you in a wholesome, warm, clean and frequently humorous manner, sometimes to draw a tear, a smile, or a "well, what do you know" expression.

CAMPUS ECHO from the Campbell High school had this to say this week about a boy—any boy: "After a male baby has grown out of long triangles and acquired pants, freckles, and so much dirt that relatives do not care to kiss it between meals, it becomes a boy . . . a boy is nature's answer to that false belief that there is no such thing as slow motion . . . a boy can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like an idiot, according to climatic conditions . . . he is a piece of skin stretched over an appetite, a noise covered with smudges . . . he is like a tornado because he comes at the most unexpected times, hits the most unexpected places, and

leaves everything a wreck behind him . . . were it not for boys, the funnypapers would go unread, and a thousand shows would go bankrupt . . . Boys are useful in running errands, only with the aid of five or six adults. The zest with which a boy does an errand is equalled only by the speed of a turtle on a July day . . . The boy is a natural spectator. He watches parades, fires, fights, ball games, football, automobiles, boats and airplanes with equal fervor, but will never watch a clock. The man who invents a clock that will stand on its head and sing a song when it strikes will win the undying gratitude of millions of families whose boys are forever coming to lunch about suppertime . . . Boys faithfully imitate their Dads, despite all efforts to teach them manners. A boy, if not washed too often and if kept in a cool, quiet place after each accident, will survive broken bones, hornets, swimming holes, fights and too many helpings of pie . . . He is a growing animal of superlative promise, to be fed, watered, and kept warm; a joy forever, a periodic nuisance, the problem of our time, the hope of a nation. Every boy born is evidence that God is not yet discouraged with man."

A Laurel Wreath

Over in France they are sleeping,
Each one in his lowly bed,
Yet down through the years will
marching
The ranks of our Hero dead.
They have gone from their loved
Homeland,
From their mothers, their
sweethearts, and wives
To march under Liberty's Banner
And have laid on her altar,
their lives.
They have gone from our sight,
forever,
Yet still shall their martial
tread,
Go echoing through halls of time,
Footsteps of our Hero Dead.

Profile of The Week

This column attempts to acquaint Campbell residents with the background of most of its leading citizens, to make for a greater interest in the activities of the Campbell area.

Pictures from the files of the Campbell Press will be drawn, by lot, for the first of the articles. When this supply is exhausted, pictures of newer residents will be taken, to run in conjunction with stories.

JOAQUIN J. PAYNE

The city of Campbell has a staunch friend in Joaquin J. Payne, manager of Campbell branch of the American Trust Company.

Since his transfer here in 1948 from the Tracy office where he was assistant manager, Payne has been active in civic affairs.

Largely through his efforts, the city has acquired two practical as well as esthetic landmarks. The attractive, but unpretentious Chamber of Commerce building at 19 South First street, fronted by a well-kept lawn and nestled in the shade of spreading trees was finished through contributions of labor and materials by interested merchants and organizations in 1952. It was fostered and brought to completion by Payne as Chamber president during that year.

The sturdy street signs marking intersection throughout the city are the culmination of a year long project of the Campbell Rotary Club under the presidency of Joaquin Payne. The project completed in May of this year consisted of placing the signs at 32 intersec-

tions between San Tomas and Los Gatos Creeks.

Payne is a present member of the Campbell Rotary Club and serves on the board of directors of that organization. He is chairman of Campbell Chapter, American Red Cross.

Born and educated in Gilroy, he was a member of the high school football and track teams. He started banking in the Gilroy office of American Trust Company in February 1929 and has been with the same firm ever since.

He was transferred to Santa Clara Office as assistant manager in 1936 and served there until 1943, when he was transferred to the Tracy office as assistant manager.

While at Tracy Payne was a member and later president of the Tracy Lions Club. He was chairman of the Southwest District, Boy Scouts of America in 1946.

He was president of Santa Clara County American Institute of banking for the year 1942-43.

Payne is married to the former Winifred McGrath of Los Angeles and has one son, Jerry, a sixth grade student attending Sacred Heart School in San Jose. With his family Payne lives at 1814 Harmil Way, San Jose.

SUNNYVALE MAY GET NEW KIWANIS CLUB

A proposal was made Friday at a dinner meeting in the El Morocco Club calling for the formation of a new Kiwanis Club in Sunnyvale, under sponsorship of the San Jose club. Seventeen men have already been signed as charter members.

'Toys For Tots' Proclamation

"Whereas, the true spirit of Christmas is best reflected in unselfish giving; and, "Whereas, our thoughts and hearts at this solemn time go out to those less fortunately endowed with worldly goods; and,

"Whereas, our fellow-citizens in the First Air Delivery Company Marine Corps Reserve unit have undertaken to see that less fortunate children receive gifts of toys and games at Christmas; and,

"Whereas, it is their earnest desire to make sure that every needy child will receive a full measure of gifts, and thus enjoy that particular joy which can only come to a child who has been remembered by Santa Claus,

"Therefore, I, Richard W. Morton, do hereby call upon all my fellow-citizens to support the "Toys for Tots" campaign of the United States Marine Corps Reserve.

RICHARD W. MORTON,
Mayor of The City of Campbell.

El Quito Park PTA Met Last Night

The regular monthly meeting of the El Quito Park PTA was held last night, at 7:30 p. m. at the school. There was an interesting discussion of report cards, with parents and teachers participating. Dessert and coffee were then served.

Rev. Tremayne Slates November Church Program

Throughout the United States, the "Religion in American Life Campaign" will open this week. The Cambrian Park Methodist Church invites all residents of the area to observe the religious life of the community by attending worship services.

In the Cambrian Church, Rev. Ernest Tremayne will have as his theme "Religious Living".

The sermon topics for the five following weeks are: "Nov. 1st, 'What is Religious Living?'" Nov. 8th, "Obstacles to Religious Living"; Nov. 15th "Beginnings in Religious Living"; Nov. 22, "Prayer and Devotion"; Nov. 29, "Have You Seen Action?"

In addition to these sermons, plans have been made for two discussions on this theme. Sunday evenings, Nov. 8, and Nov. 22, Rev. Tremayne will hold a question and answer session.

The campaign efforts are directed to the encouraging of parents to join their children in regular attendance at the worship services of their choice. This goal is stressed in the campaign theme, "Light Their Life With Faith".

It is sponsored by a laymen's committee and supported by 23 national religious bodies. Charles E. Wilson, former Director of Mobilization is the National Chairman.

Miss Barbara McBain Is Bride Of John Hoover In Ceremony Here

White chrysanthemums decked the altar of Immanuel Lutheran Church for the recent afternoon wedding ceremony, uniting Miss Barbara Gean McBain and John Robert Hoover in marriage with the Rev. Elmer Friedlund officiating.

Barbara approached the altar, escorted by her father, Mr. Frank McBain, wearing a waltz length gown of white nylon lace over taffeta, featuring stand-up collar, long sleeves, fitted bodice and full skirt. Her fingertip length veil was secured by a bridal cap and she carried a 50 year old handkerchief belonging to her great aunt.

Miss Patricia Powell, as maid of honor, Miss Marlyn Dovic, Miss Rosemary Robinson, Miss Phyllis Collins and Miss Judy Snyder, bridesmaids, in pastel hued gowns, preceded Barbara down the aisle.

All the dresses were fashioned in taffeta with bouffant waltz-length skirts of net, in shades of light blue, yellow, lavender, pale green and pink. The girls carried bouquets of white daisies to complete the ensembles.

Charles Gibbins served the groom as best man. Other groomsmen included John and Bob McBain, brothers of the bride, and Gary and David Hoover, brothers of the bride. Ruth Courtney presented the nuptial music.

The nuptials were witnessed by 350 guests, who later enjoyed a reception held in the church social hall, followed by a party at the home of the bride's parents.

For her daughter's wedding, Mrs. McBain wore an ensemble of white silk shantung. Her duster was trimmed with black beads and worn with black accessories. She pinned on an orchid corsage.

The blue faille ensemble worn by the bridegroom's mother was offset by a lavender orchid corsage. Pink and black accessories complemented her costume.

As the couple left for a honeymoon at Lake Tahoe and northern California, the bride wore a red poodle cloth skirt and stole with a black blouse and matching accessories.

Out of town guests included Mr. and Mrs. Angus McBain, Los Angeles, Mrs. John McBain Jr. and Janet, Millville, California; Mr. Kim Jack Sr., Spokane, Washington; Mrs. Gertrude Enz and Mr. Ed Allen, San Francisco; Mr. and Mrs. Albert Boritena and Mrs. Herb Tragardh were in charge of the tea which will be an annual affair, according to officials.

Festivities lasted from 2 p. m. to 8 p. m. in the home of their son and daughter-in-law, Mr. and Mrs. Ted Cutting, of 810 Steinway avenue.

The couple were married Oct. 31, 1903, in the home of Cutting's father, Charles D. Cutting of Palo Alto. They first lived on Hamilton Ave., Campbell and in 1920 they moved to Pacific Grove with their two sons, Douglass, now deceased, and Ted. Three years later they returned to Campbell where they built their present home on Harrison Ave.

He was graduated from State Normal School, now San Jose State College, in 1879. Ranching and school teaching were his major vocations until 1920. Then his first love, landscape painting, became his major enterprise.

Many scenes of the Pacific coast, sea and mountain, dune and tree, field and garden, have been painted by Cutting and now hang in homes throughout the nation, featuring his media, oil. He has been active in local art associations and has exhibited extensively throughout the state.

Cutting has served his community as treasurer, deacon and Sunday school superintendent of Campbell Congregational Church, of which he has been a member since 1895. In 1926 he was president-manager of the Campbell Community Chest and for many years was an active member of Campbell Kiwanis Club.

2000 FARMERS COMING TO STATE MEET IN SAN JOSE

Two thousand or more farmers will be in San Jose next Sunday for the opening of the thirty-fifth annual convention of the California Farm Bureau Federation. They will come prepared to discuss and act on resolutions concerning farm policy, price supports, foreign trade and allied subjects related to farm prices.

Great interest is manifest in the convention because of falling farm prices, rising labor and equipment costs, and Agriculture Secretary Ezra Benson's request that Farm Bureau members tell him the kind of farm program they want.

Since Benson's talk to California farmers in Fresno last spring, members of the 450 Farm Bureau Centers in the state have been holding frequent meetings to discuss the various issues involved in farm policy. They are bringing their answers to this convention in the form of resolutions. Their opinions are expected to differ sharply according to localities and commodities represented.

Before the Farm Bureau members begin their farm policy discussions, John H. Davis, Assistant to Secretary Benson, will speak to a combined meeting of the Commodity Departments at 11 a. m. Monday in San Jose's Municipal Auditorium. U. S. Senator Thomas H. Kuchel will address the same group at the noon luncheon. Individual meetings of the various commodity departments and sections will be held in the afternoon. It is expected that Secretary Davis will be present during the afternoon for special group conferences.

With the opening of the convention Sunday, the organization meeting of the Resolutions Committee comprising the 53 voting State delegates and the CFBF Board of Directors will get under way at 2 p. m. At 4:30 o'clock the annual Vesper Service will be held with Mrs. Grace Z. Casale, of Red Bluff, state chairman of Farm Bureau's Home Department, in charge. Sub-committees of the Resolutions Committee will hold their first meeting at 9:30 Sunday evening.

BUCCS, PANTHERS GIRD FOR GRID LEADERSHIP IN SCVAL STANDINGS ON CAMPBELL HIGH FIELD FRIDAY

Campbell High School Buccaneers take the local field tomorrow at full strength against undefeated, untied, unscored upon, league leading Santa Clara Panthers in a SCVAL game loaded with championship possibilities.

A win for Campbell in this top SCVAL game of the week, will cinch at least a tie for the high school crown. There remains two more games on the Buc schedule—Washington riddled with injuries, and Los Gatos which has yet to break into the win column.

Santa Clara leads the SCVAL pack so far with three wins, and no losses.

Campbell and Fremont are tied for second place with 2-0-1 win, loss, tie record.

Campbell's running attack may slow slightly with Bill Gregg's sore heel, Don Davis may be slightly bothered with his broken finger, and Ron Webb may wince now and again with his bruised hip, but other than that the squad is in top condition, Coach Jim Muir said yesterday.

Muir said he will use his standard defense for tomorrow's contest against the Panther machine, which to date has allowed no opponent to gain more than 13 yards in any play. Muir said his pass defense is not all it should be and they may have a little trouble with Panther passing quarterback John Perry.

Santa Clara uses a standard "T" and a spread formation where a fast halfback, Walt Boyarsky slips through on quick openers, outside thrusts, or as a decoy to allow other backs to slip through.

Other fast backs Muir said his boys will have to watch are their powerful fullback, Tony Blanco, and a speedy left halfback Jerry Freitas.

Campbell will rely a great deal on the power running of Bill Gregg, the seat back spurts of Don Davis, and the all-around darts of Bill Montero, and the occasional passing of quarterback Larry Sutton to ends Tony Schraub and Russ Camilleri.

Boost Funds For Anti-Liquor Fight

Members of the Campbell Seventh-day Adventist Church went over the top in raising their part of a \$100,000 fund to be used in a nation-wide temperance educational campaign, according to C. L. Lingenfelter, chairman of the local temperance co-ordinating committee.

More than one hundred dollars was contributed by members of the Adventist church here. The funds will be used to organize teams to promote temperance. This will be done through lectures, motion pictures and literature.

"Total abstinence from all alcoholic beverages is the basic principle of our campaign," stated Mr. Lingenfelter. "We feel that if people did not drink, our community would enjoy better health and less crime," he said.

In this exhibit, "Golden Lust" attracted attention at the Santa Clara County Fair. Also exhibited, "City by the Sea", "Pink Ladies", "Two Weeks with Pay", and "Silent Arrow".

Mr. Snyder was asked to give a one man show at the Haggins Memorial Galleries in San Joaquin during the Chinese Jade Exhibit. He was the sponsor of the popular Board Fence Exhibits held during the summer in Village Square by the Los Gatos artists.

The theme for the tea this year will be "Christmas in Mexico". Mrs. Ruby Howes, who recently returned from an extended trip to Mexico, will be general chairman.

Many interesting Mexican art objects will be used in the decor. Many suggestions were discussed in connection with the celebration of the 25th anniversary of the founding of Service Club. Definite decision was postponed until the November meeting.
